

Virola multinervia

Virola multinervia is a species of tree in the family Myristicaceae. It is found in Colombia, Peru, Ecuador, Venezuela and Brazil (Amazonas, Pará).[2] It grows to a height of about 35m.[2] The fruit is ellipsoidal to ovoidal, 26–40 mm long, 19–32 mm in diameter, and is found in groups of 1 to 7.[2]
